Continuation of Substance of Interview including description of the general nature of what was discussed: The Examiner asked about the incomplete nature of the response filed 12-21-2006. Applicant indicated the intent was to take the subject matter indicated as allowable by taking dependent claims 2 and 3 and putting them in independent form as claims 1 and 2. The Examiner indicated that problems existed such as that claims 2 and 3 would need to remain as claims 2 and 3 using proper amendment practice such as bracketing and underlining changes as appropriate, or claims 2 and 3 could be rewritten in independent form as claims 4 and 5 with claims 2 and 3 being canceled. In either case the claims would require appropriate tags such as "New" or "Currently Amended". Also, an amendment should include a Remarks section indicating what the amendment is doing and attempting to accomplish. The Examiner indicated a Notice of Non-Compliant Amendment would be sent out..
